Village to host stormwater management and utility formation meetings

The Village will be holding informational meetings for residential (4:30 to 6 pm) and commercial property owners (6:30 to 8 pm) on October 28. The meetings will present stormwater management practices that may be incorporated by property owners to improve runoff quality and also reduce runoff quantity. The meetings also will provide an overview of the implementation of a stormwater utility.

If you are unable to attend and would like additional information regarding stormwater management for , please contact Alex Henderson at (414) 351-8811, ext. 105.

Village Trick Or Treat and Fright Night Info

After Trick or Treating on Saturday, October 31 from 2:30 pm – 5:30 pm, come to Ellsworth Park from 5:30 to 7:30 to continue the fun. There will be a bonfire, DJ, hot dogs and brats, coffee, hot chocolate, and of course goodie bags for the kids. Canopies will be providing a heated tent for the event.

Don't forget the games and costume contest. Please dress for the weather. Food, refreshments, and goodie bags for all the kids supplied by area merchants.

Loose Leaf Collection begins

The Village collects loose leaves in the fall months, weather permitting. Collection begins this year on Monday, October 19, and runs through November 15. Residents can also bring bagged leaves to the yard waste drop-off site at any time. The site is located at 201 E. Fairy Chasm Road. Crews will begin collection in the northeast section of the Village and work through the Village each week. On average, crews are able to work their way through the Village once per week. Heavy leaf fall, coupled with inclement weather can slow crews. We ask for your patience during these times. If you have any questions, please call 351-8811.

Loose Leaf Guidelines

- Please set leaves curbside, out of the ditch, and not in the road for pickup.
- Leaves do not need to be put into a bag(s) for collection (during loose leaf season). However, bagged leaves do help speed up collection, allowing for more leaf collection. Please have all loose leaves consolidated into one pile per property.
- Place material away from mailboxes or other structures so that it may be easily accessible.
- Do not mix leaves with other yard waste, such as branches or twigs.
- Please keep all leaves out of the ditch and culvert area, this will help during the wet spring season.
- Open burning is prohibited.

The Buzz around Bayside this week

Village Receives Good Government Award

The Village of Bayside has been selected as the recipient of the 2009 Good Government award. The Wisconsin Good Government Award program is sponsored by Foth, a Wisconsin-based consulting engineering firm, in cooperation with the Wisconsin Counties Association, the League of Wisconsin Municipalities and the Wisconsin Towns Association.

The 2009 award is the result of a collective effort of implementing the five long term strategic initiatives adopted by the Village Board of Trustees. The award recognizes Bayside's innovation, creativity, and doing more with fewer resources to implement the five long term strategic initiatives. Specifically referenced were the Village communication and performance measurement programs.

The Village was honored this week at the annual League of Wisconsin Municipalities conference in October, and will thereafter also receive a \$1,000 Good Government community enhancement grant.

Thoughts for the Week:

"A house must be built on solid foundations if it is to last. The same principle applies to man, otherwise he too will sink back into the soft ground and become swallowed up by the world of illusion." -- Sai Baba

"Decide whether or not the goal is worth the risks involved. If it is, stop worrying." -- Amelia Earhart

Help DPW, bag your leaves!
